

Performance Theatre 2 - Ages 8-12

Students will perform a full-length play, learn the process from audition to performance, and develop rehearsal techniques and professional etiquette.

This semester's show: Willy Wonka KIDS.

During the course of this 10-week class, students will audition, rehearse and perform a full-length KIDS production.

Classes are 60 mins long and will include instruction in singing, dancing, and acting.

Our 8-12 yr olds will take on the featured roles and be seen in most songs and dances. Your child will learn to develop their speech, how to use eye contact, body language and the joy of storytelling using their body and their voice. Confidence and communication will grow as they work within an ensemble to create a magical world of their own, a place where dreams really do come true!

At the end of the 10-week session, students will showcase what they've learned for family and friends at special performance prior to the CCT ELITE troupe's performance.
